

ETHOSIQ WELCOMES NEW PARTNER TO ENHANCE CONTACT CENTER SOLUTIONS, NEWBRIDGE TECHNOLOGY SOLUTIONS

Houston, TX, January 4, 2019 – ethosIQ, a [data collection](#) and analytic solutions provider, specializing in disparate data technology, is excited to announce a strategic partnership with Newbridge Technology Solutions.

ethosIQ devotes resources to collecting, correlating and normalizing disparate data, across multiple systems, in real time. The universally adaptive and manufacturer agnostic solution provides clients with a single source of truth or a fully comprehensive view of their business processes. The Veteran Owned Small Business focuses on providing clients, and their customers, with the best possible customer experience. ethosIQ's culture focuses on quality interactions, continuous growth, improvement, and innovation.

Newbridge Technology Solutions partners with its customers to identify and design the appropriate contact center workforce solution for their organization. They are focused on the individual needs of their clients and work closely with them to implement their business requirements. Newbridge offers a variety of workforce deployment platforms, home-based, site-based or a combination. They distinguish themselves in the call center/contact center industry with their best-in-class omni-channel contact center platform and agent/management development program. The Newbridge Team crafts a client solution that aligns with each company's vision and goals. The Newbridge platform allows them to quickly and easily deploy a high-performing client service team with minimal investment, rapid deployment, and the highest quality service.

The partnership of ethosIQ and Newbridge Technology Solutions provides customers with strategic, customer-focused solutions, surrounding workforce management, data analysis, and collection and customer experience in the contact center industry and beyond.
